## IRISH REGULARS WIN 7-0 CONTEST

Harry Holland Makes Spectacular Dash for Touchdown After Receiving Ball on Forward Pass.

Braving the drizzle that prevailed all Sunday afternoon and the otherwise threatening weather the Irish Regulars and the West End Stars met on the west end gridiron Sunday afternoon. The Irishmen took the long end of the contest by a 7 to 0 score. As the score indicates the game was closely contested throughout. Practically all of the playing was in the center of the field with the ball changing from one side to the other.

Finally Harry Holland got away on a long end run, receiving the ball on a forward pass, for a touchdown. Goal was kicked and the only scores of the contest registered.

Besides Harry Holland, his brother, Ralph, put up a good contest as did practically the entire team. Eager played well at center and Hatch in the back field, put up a strong aggressive game. The same lineup practically as was used last Sunday played in the contest against the Stars. Fewer changes were made, however, as the definite line-up will be practically as was represented Sunday.

A large crowd braved the weather with the players and watched through the contest. The Irishmen were their purple and gold sweaters for the first time Sunday and presented a good appearance on the field. No game has as yet been scheduled for next Sunday but several are being considered and fans are assured that another close match will result. The Irish Regulars average 140 pounds and are regarded as the best team of this weight in the city.

**Ulmans Fail to Play.**  
Ulmans' Regulars, the strong city team, failed to play Michigan City Sunday afternoon as was scheduled. The threatening weather was undoubtedly the cause of the failure of the prison city team to put in their appearance. The game was scheduled for the north side gridiron. It is possible that the two teams will get together at a later date.

## TURNER READING AND LECTURE AT SCHOOL

High school students participated in a parade through the principal streets of the city Saturday evening, advertising the reading to be given at the school next Friday evening by Miss Ruby Turner. Zanzwell's "Reading Pot" will be the subject of the reading and as Miss Turner is regarded as having exceptional ability along these lines, many are expected to attend and hear her reading of the well known drama.

The much advertised lecture, "The Dawn of Plenty," will be given at the school Thursday evening. Prof. Hamilton will have charge of this. It is said to be along agricultural lines and receives splendid welcomes wherever it is given. The lecture is illustrated by motion pictures and portrays the story of the world seeking plenty. It is founded on the struggle of the world for bread and graphically depicts the relation of the poor and the rich.

## BOWLING SCHEDULE FOR WEEK ANNOUNCED

League bowling will be resumed on the Elmsasser alleys Monday evening. The four leagues bowling on the drives will be seen in action during the week and some close contests are expected to be played. Last week the standing was changed considerably after the week's bowling and as the number of games rolled is still comparatively few and as the teams are pretty well bunched some great changes in standing may result as well this week. Following the schedule for the week for the Mishawaka leagues:

Monday—All Dodges vs. Canadians.  
Tuesday—Rubber Re vs. Oscars.  
Wednesday—Flying Dutchmen vs. Casseys.  
Thursday—Beattys vs. Crescents.  
The teams in the City league will bowl as follows:  
Monday—Regulars vs. Dad's Specials.  
Tuesday—Amblidexters vs. Nationals.  
Wednesday—Americans vs. City Hall.  
Thursday—Elmsassers vs. Greyhounds.

## BRILLIANT HUES IN NEW FALL BUTTONS

Are Often Only Contracts to Suits—In Family of Ovals Many Dainty Ornaments Are to be Seen.

Even the buttons tell their stories of the brilliant bits of color on all autumn clothes. In some instances, to the buttons alone will be given the honor of the accenting note, for many neutral-toned cloths are to be employed in the making of the wardrobe. To what extent Poiret influences fashion is observed even in the little apple buttons with their rosy cheeks and black centers, and the diminutive red tomato with its green stem. Many such buttons are used on vests. Another style, hand-painted in red, blue, green and yellow, and separated by heavy black lines, is patterned after the silks that come from Martine's Poiret's house-decoration shop. Next to this button are other charming designs. Black printing has been resorted to, showing an iridescent pale rose and green flower on an ivory white ball. Another is of white china with red and green apples, blue plums, and green foliage, all hand-painted in pure color. Still another button is square and has a soft blue background on which is patterned red, yellow and violet fruit with green leaves; another square button of larger dimensions, is decorated in a conventional design in bright colors.

**Iridescent Tones in Oval Shapes.**  
In the family of ovals are found buttons made of ivory colored glass, strikingly lined with black, and those in which ribbed glass gloves and iridescent blue and green tones.

Unusual in contour or coloring, or both, is a button having a black center rimmed with gold, and bordered with shaded green, wisteria or blue, making a lovely combination. A sunken center of black, ringed with white, characterizes another button. Beauty would be added to a heavy heavy wrap by the use of a button or an iridescent blue center with a mottled border of green, blue and mother-of-pearl.

A word should be said of the jet button, for jet will be very much in evidence as the season advances. An cut steel also will be used. But when the waistcoat or the garment is of a brilliant color, buttons are best made of the same goods.
